

Job Description - Body & Mind

Job Title: Registered Psychologist / AMHSW

Location: Adelaide SA (Hybrid)

Requirements:

- Registered Psychologists (General or Clinical)
- Accredited Mental Health Social Workers (AMHSWs)

About the role: You will deliver psychological or counselling sessions within a structured, non-acute care environment.

- Deliver sessions face-to-face within a shelter setting and/or via telehealth
- Work with pre-triaged and risk-assessed clients
- Operate within a strong clinical governance framework
- Be supported by clear escalation pathways and structured processes

This model is designed to ensure clinicians feel supported, safe, and confident while working with complex presentations.

Responsibilities:

- Structured, supported outreach model (not ad hoc community work)
- On-site mental health nurse present during shelter-based sessions
- Clients are pre-screened and risk assessed before referral to clinicians
- Clear clinical escalation pathways for higher-risk presentations
- Strong governance focused on practitioner safety and quality care
- Flexibility to work onsite, remotely, or a combination of both.

Job Description - Body & Mind

Job Title: Registered Psychologist / AMHSW

Location: Adelaide SA (Hybrid)

Requirements:

- Registered Psychologists (General or Clinical)
- Accredited Mental Health Social Workers (AMHSWs)

About you: We are seeking expressions of interest from:
